ABOUT ME

Motivated and detail-oriented Engineering graduate with a specialization in Electronics and Communication, recently trained in MERN Stack Development. Passionate about building scalable web applications and learning new technologies. Seeking an entry-level developer role to apply technical skills and contribute to organizational growth.

EDUCATION

Jayaraj Annapackiam CSI College of Engineering | 2019-2023

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering (ECE)

Sacret Heart Higher Secondary School | 2018-2019

Higher Secondary Certificate (HSC)

TRAINING EXPERIENCE

MERN Stack Development Training | 2025

Gained hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js.

PROJECTS

Full-stack MERN E-commerce Earphone Project:

Live link:

<https://masmap-frontend.vercel.app/>

- Built a full-stack Earphone E-commerce application using the MERN stack with secure JWT-based authentication and role-based access.
- Developed a responsive, mobile-friendly UI using React, Bootstrap, and reusable components for smooth user experience.
- Implemented core features like product management, add-to-cart, checkout with RESTful APIs.
- Designed an Admin Dashboard to manage products, users, and orders with optimized API calls and clean backend architecture.

Movie Ticket Booking Application using React

Live link:

<https://ticket-booking-nine-tau.vercel.app/>

- Designed an interactive and responsive user interface with reusable React components.
 - Managed application state effectively using hooks, and ensured seamless navigation for users.
 - Focused on enhancing user experience by integrating dynamic rendering.
-

TECHNICAL SKILLS

- Frontend developement - HTML, CSS, Javascript, React.js, Bootstrap.
 - Backend Development - Node.js, Express.js, RESTful APIs
 - Database - MongoDB (with Mongoose), MongoDB Atlas
 - Tools - Git, GitHub, Postman, Insomnia, Vercel.
-

ACADEMIC PROJECT

- Embedded Based Dynamic Risk Prediction of Mountain Sickness by Using IoT
-

LANGUAGES

- English - Intermidate
 - Tamil - Native speaker
-

DECLARATION

All the information provided above is true and correct to the best of my knowledge.
